

Water Use Efficiency Grade I

AWWA Members \$375 / Non-Members \$550

This two day workshop is for those who already have a very basic understanding of the water industry and want to build a deeper knowledge of the water supply in the Western US, the roles different agencies play in supply and conservation, and basic conservation measures for Residential, CII, and Landscaping. The class covers different types of conservation programming, and it discusses various strategies depending on the type of organization and the desired results. Throughout the class, various types of water math problems are reviewed as they apply to water conservation calculations.

Intended Audience:

This class is for those who already have a very basic understanding of the water industry and want to build a deeper knowledge of the water supply in the Western US, the roles different agencies play in supply and conservation, and basic conservation measures for Residential, CII, and Landscaping.
