

AWWA CA – NV SECTION
METER COMMITTEE
SUB-COMMITTEE OF OPERATORS DIVISION
FALL MEETING AGENDA
October 23, 2017, 3:00-4:00p
Reno, NV

MISSION STATEMENT: Assemble and disseminate information on metering practices and standards for all water utility purposes. Assemble and disseminate information on utility practices of meter sizing, meter specifications, meter testing, and all aspects of meter installation and replacement. Provide a forum for sharing the state of the art in all meter related matters. Provide a clearinghouse for information on management, shop, and field practices related to metering. Maintain close liaison with the Maintenance Division with regard to meter maintenance practices. Establish and encourage close liaison with other like organizations.

1) Pre-Meeting Start -- Review Summer Meeting Minutes

2) Greeting & Introductions

- Chair, Michele Harvey
- Northern California Delegate-at-Large, Oscar Alcantar
- Vice Chair, Todd Artrip
- Southern California Delegate-at-Large, Rick Small
- Secretary, Jeff Beckett

3) Review Minutes & Vote into Record (Summer Meeting, Chino Hills)

4) Sign-In Sheet – Check contact information & New Additions

- Welcome new attendees

5) Smaller Utilities Committee, Jeffrey Tarantino

6) Meter Testing & Calibration Workshop Sub-Committee – Request for Volunteers

The CA-NV AWWA section would like the Meter Committee to develop one or two workshops. One workshop with a half-day on large meters and a half-day on residential meters. If you are interested or would like more information, please reply to this email.

7) Upcoming Meetings

- Winter Meeting – Northern California – Proposed for January 29th
 - Need host location, breakfast & lunch sponsors, potential CEU topics
- Spring Symposium – South San Francisco – March 27th & 28th
 - Need potential CEU topics and track coordinators
- ACE18 – Las Vegas, NV – June 11th to 14th

8) Membership Drive

9) Open Discussion

Meeting Adjourned @ 4 p.m. at the latest.
