DATES: September 5-6, 2018

LOCATION: California-Nevada Section, 10435 Ashford Street, Rancho Cucamonga, CA 91730

TIME: 7:30 am - 4:30 pm

PRICING: \$375 for AWWA Members / \$550 for Non Members

Workshop Description:

Water Quality sampling is an essential and integral part of every utility's compliance and operational activity. This two-day workshop seminar provides participants with both classroom instruction and hands-on activities, ensuring students gain a thorough understanding of the sampling process, and practice they need to take a variety of samples with confidence. Essential for the beginner, also a great refresher for those who collect samples regularly. An opportunity to eliminate habits that could compromise sample integrity, gain consistency in the sampling process within and between utilities, and gain a better understanding of the regulatory process and responsibilities associated with water quality sampling in the State of California.

Topics included in this two-day workshop include:

- Regulations and the regulatory process, and how these apply to the sampling requirements.
- Sampling goals and standards
- A thorough investigation of how to sample for at least 20 field and laboratory parameters, including chlorine, bacteriologicals, VOCs, inorganics, radiologicals, bioassays, pH, etc.
- Chain of Custody relevance and management
- Sample Integrity management
- Hands-on practice collecting a variety of samples

This workshop is eligible for up to 16 contact hours.
