

Water Audit Validator Certificate

The Water Audit Validator course is a 2-day program designed to qualify individuals to perform Level 1 water audit validations in California. Water audit validators examine water loss audit inputs to consider the water audit's accuracy and document the sources of uncertainty. Per Senate Bill 555 urban retail water suppliers must submit validated distribution system water audits by October 1 each year. Individuals who successfully complete this course and exam will receive a Water Audit Validator certificate. The certificate will be valid for 3 years.
