## PERFORMANCE IMPROVEMENT SEMINAR 2011

### Practicality and Innovation: How SCADA Systems Improve Performance

Learn how leading municipalities ensure that control systems support their business requirements. This full-day learning event is packed with practical ideas and proven ways to help you make SCADA a better tool to support the water utility business.

- Innovative Trends in SCADA Technology
- Measuring and Managing Operations Performance
- Operational Decision Support
- Operations Data Management and Reporting
- Practical SCADA Master Planning
- Moving from Plan to Program
- SCADA Emergency Preparedness
- SCADA Systems in the Virtual Environment
- SCADA Standards and Guidelines

## SCADA Seminar: Leveraging SCADA for Utility Performance Improvement

Do you have timely, accurate information to guide business and operation decisions? Does your SCADA/control system help you handle business challenges and improve performance?

Join the CA-NV AWWA for a specialty seminar entitled “**Practicality and Innovation: How SCADA Systems Improve Performance.**” Learn how leading utilities ensure that control systems support their business requirements. This full-day of learning will occur November 16, 2011, at the San Francisco PUC Millbrae Campus.

Ken Salmon, IT Director of San Francisco Public Utilities Commission, will be the keynote speaker for the event. He will discuss how SFPUC delivers innovative systems while ensuring practical value from their investments.

The event will include the essential building blocks that enable utilities to use control systems for improved decisions and operational performance. Participants will learn proven principles of planning, deploying complete programs, emergency preparedness, and applying standards. These topics will be presented through a series of case studies featuring Sacramento Suburban Water District, Santa Rosa, San Juan Water Commission, and San Francisco PUC.

The seminar qualifies attendees for up to five contact hours.

**The event registration is \$120.00 for AWWA members and \$150.00 for non-members who sign up by November 1. Please add an additional \$20.00 if registering after November 1.**

Lunch and coffee break is included.

The event is sponsored by CA-NV AWWA, the San Francisco PUC and Westin Engineering.

**REGISTRATION:** You can register online at [www.ca-nv-awwa.org](http://www.ca-nv-awwa.org), mail the registration form to the address below or fax this completed form to 909.291.2107. **Registration will not be processed without payment.**
