Re: SB 998 (Dodd) – Oppose

Dear Chair Quirk:

We are writing to express opposition to SB 998 by Sen. Bill Dodd (D-Napa), which would completely change the practice of public water agencies who currently undertake multiple protocols to ensure that water service is discontinued for non-payment only when a customer fails to follow-through with safeguards that are built into the operations and management of water systems. Our water agencies deliver safe, reliable, high-quality and affordable water to customers in a dependable and responsible manner.

This new one-size-fits-all statewide program would be created instead that would among other things prevent service shut-offs for at least 60 days for delinquent customers, create a cap on reconnection fees that may or may not cover the actual cost of these physical reconnections and trigger Prop. 218 concerns for public water agencies, and expand authority to both the State Water Resources Control Board and the Attorney General to enforce provisions of the bill.

Water districts are overseen by their locally-elected boards of directors. They make decisions in their geographic service territories based on what works locally. Water agencies are in the business of delivering water – they don’t disconnect delinquent customers without prior substantial engagement. This bill is unnecessary and appears to be a solution in search of a problem that does not currently exist in California.

For these reasons, we oppose SB 998 and respectfully request your “no” vote when the bill is heard in Assembly Environmental Safety and Toxic Materials Committee on June 26, 2018.
Sincerely,

Wendy Ridderbusch  
Director of State Legislative Relations  
Association of California Water Agencies

Rylan Gervase  
Legislative Representative  
California Special Districts Association

Erin Evans-Fudem  
Legislative Representative  
League of California Cities

Danielle Blacet  
Director for Water  
California Municipal Utilities Association

Jack Hawks  
Executive Director  
California Water Association

Tim Worley  
Executive Director  
American Water Works Association  
California-Nevada Section
